NOTICE OF INTENT TO AWARD
Request for Proposals (RFP 2013-05)

Environmental Mitigation for I-80/I-680/SR12 Interchange – Phase 1 Project

On May 20, 2013, STA issued a Request for Proposals (RFP) inviting Mitigation Providers to submit proposals to provide environmental mitigation for the I-80/I-680/SR12 Interchange – Phase 1 Project. Proposals were received on June 7, 2013.

In June 2012, Solano Transportation Authority (STA) evaluated all of the proposals and determined WRA, Inc. was the top ranked firm and Westervelt Ecological Services (Westervelt) was the second ranked firm to provide California Red-Legged Frog and Callippe Silverspot Butterfly Upland Habitat for the I-80/I-680/SR12 Interchange – Phase 1 Project. WRA, Inc. has failed to meet the conditions for award of a contract pursuant to the RFP. Accordingly, STA has rejected WRA, Inc.'s proposal and is now designating Westervelt as the Apparent Successful Proposer California Red-Legged Frog and Callippe Silverspot Butterfly Upland Habitat for the I-80/I-680/SR12 Interchange – Phase 1 Project.
