Done

Tuesday, May 10, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot shows the 511.org website interface for the San Francisco Bay Area. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING". A "MY511: Login | Register" link is visible in the top right.

The main content area features a map of the SF Bay Area with driving times overlaid on major routes. A sidebar on the left contains a "FEATURES & TOOLS" section with icons for information, zoom, pan, and other map functions. Below the map, there is a "Traffic Congestion" indicator and a "Map Refresh Rate" set to "3 min.". A "Need help? Visit the User Guide/FAQ" link is also present.

On the right side, there is an "Information Detail" section with two route entries:

- Route: CA-4 E**
From: G ST
To: LONE TREE WAY
City: Antioch
Speed limit: 65
Traffic speed: 60 or higher
- Route: CA-4 W**
From: HILLCREST AVE
To: A ST
City: Antioch
Speed limit: 65
Traffic speed: 50

At the bottom of the page, there is a "Show/Hide" section with checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map. A footer contains various links such as "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", "Contact Us", and "Privacy | Accessibility".

http://traffic.511.org/traffic_map_frameToolbar.asp#

Tuesday, May 10, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot shows the 511.org website interface for the San Francisco Bay Area. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a map of the Bay Area with driving times overlaid on major routes. The map is color-coded by traffic conditions: green for free flow, yellow for moderate congestion, and red for heavy congestion. Major cities and highways are labeled, including St Helena, Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Bennington, Pittsburg, Concord, Clayton, Brentwood, Walnut Creek, Pleasant Hill, El Cerrito, Albany, Tiburon, Corte Madera, San Rafael, and Rio Vista.

On the left side, there is a sidebar with a "FEATURES & TOOLS" section containing icons for information, zoom, pan, and other map functions. Below this, there are links for "Need help? Visit the User Guide/FAQ" and "Close this window Bookmark this page".

On the right side, there is an "Information Detail" section with two route entries:

- Route: CA-4 E**
From: G ST
To: LONE TREE WAY
City: Antioch
Speed limit: 65
Traffic speed: 60 or higher
- Route: CA-4 W**
From: HILLCREST AVE
To: A ST
City: Antioch
Speed limit: 65
Traffic speed: 7

At the bottom right, there is a "Show/Hide" section with checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map. A scale bar at the bottom indicates 0 to 8 miles.

The footer contains copyright information: "©2011 MTC" and various links: "About 511 Traffic | Suggestions | Tell a Friend | Traffic Site Directory | FAQ | Contact Us | 511.org Home | Traffic | Transit | Rideshare | Bicycling | Privacy | Accessibility".

Tuesday, May 10, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map for the San Francisco Bay Area. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC" (selected), "RIDESHARE", and "BICYCLING". A "MY511: Login | Register" link is visible in the top right.

The main content area features a map of the Bay Area with driving times overlaid on major routes. A "Traffic Congestion" alert is shown in the bottom left of the map area. On the right side, an "Information Detail" panel provides route information:

- Route: CA-4 E**
From: G ST
To: LONE TREE WAY
City: Antioch
Speed limit: 65
Traffic speed: 60 or higher
- Route: CA-4 W**
From: HILLCREST AVE
To: A ST
City: Antioch
Speed limit: 65
Traffic speed: 8

The "Show/Hide" panel on the bottom right allows users to toggle various map features:

- Incidents
- Construction
- Events
- Cameras
- Traffic
- Base Map

The bottom of the page contains a footer with links for "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", "Contact Us", and copyright information for 2011 MTC. The browser's address bar at the very bottom shows "http://traffic.511.org/traffic_map_frameToolbar.asp#".

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The page features a navigation menu with options: 511.ORG, TRANSIT, TRAFFIC (highlighted), RIDESHARE, and BICYCLING. The 511 SF Bay Area logo is in the top left, and "MY511: Login | Register" is in the top right. The main content area is a map of the San Francisco Bay Area, showing major highways and cities. A legend for "Traffic Congestion" is located in the bottom left, with categories: No congestion (green), Moderate (yellow), Heavy (orange), Stop and go (red), Closed (black), and No data (grey). A sidebar on the left contains a "FEATURES & TOOLS" section with icons for information, zoom, and other map functions. A "Map Refresh Rate" is set to 3 min. Below this is a "Need help? Visit the User Guide/FAQ" link and "Close this window" and "Bookmark this page" options. On the right side, there are "Features Help" and "Map Tools Help" sections with instructions for using various map features. A "Show/Hide" section at the bottom right allows users to toggle the visibility of incidents, construction, events, cameras, traffic, and the base map. The footer contains copyright information for 2011 MTC and links to "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map interface. At the top, the browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a map of the San Francisco Bay Area with a green route highlighted. A sidebar on the left contains a "FEATURES & TOOLS" section with icons for information, zoom, and other functions. Below this is a "Traffic Congestion" legend with categories: No congestion (green), Moderate (yellow), Heavy (orange), Stop and go (red), Closed (black), and No data (grey). The right sidebar includes "Features Help" and "Map Tools Help" sections with instructions for using various map features.

At the bottom of the page, there is a footer with copyright information: "©2011 MTC" and links for "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map interface. At the top, the browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a map of the San Francisco Bay Area with color-coded traffic congestion levels. A legend titled "Traffic Congestion" provides the following categories:

- No congestion (Green)
- Moderate (Yellow)
- Heavy (Orange)
- Stop and go (Red)
- Closed (Black)
- No data (Grey)

On the left sidebar, under "FEATURES & TOOLS", there are icons for information, zoom, and other map functions. Below the icons, it states "Map Refresh Rate: 3 min." and provides links for "Need help? Visit the User Guide/FAQ", "Close this window", and "Bookmark this page".

On the right side, there are two help sections:

- Features Help:** Contains instructions on how to use the map's interactive tools, such as selecting map icons for more information and using the driving time calculator.
- Map Tools Help:** Provides instructions for zooming in and out, re-centering the map, and refreshing the data.

At the bottom of the page, there is a footer with copyright information: "©2011 MTC" and several navigation links including "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map interface. At the top, the browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a map of the San Francisco Bay Area with driving times overlaid on major highways. A sidebar on the left contains a "Features & Tools" section with icons for information, zoom, and other map functions. Below this is a "Traffic Congestion" legend with color-coded categories: No congestion (green), Moderate (yellow), Heavy (orange), Stop and go (red), Closed (black), and No data (grey). The map also shows a "Map Refresh Rate" set to 3 minutes and a "Need help? Visit the User Guide/FAQ" link.

On the right side, there is a "Features Help" section with instructions on how to use various map tools like zooming and calculating driving times. Below that is a "Show/Hide" section with checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map.

At the bottom of the page, there are links for "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", and "Contact Us". The footer also includes copyright information for 2011 MTC and links to "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a map of the San Francisco Bay Area with a green route highlighted. The map includes labels for cities such as St Helena, Dixon, Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Benin, Pittsburg, Concord, Clayton, Brentwood, Walnut Creek, Pleasant Hill, El Cerrito, Alameda, and Alameda. Major highways like I-580, I-680, I-880, and SR-92 are also visible.

On the left side, there is a sidebar with a "FEATURES & TOOLS" section containing icons for information, zoom, and other map functions. Below this, it says "Map Refresh Rate: 3 min." and provides links for "Need help? Visit the User Guide/FAQ", "Close this window", and "Bookmark this page".

At the bottom left, there is a "Traffic Congestion" legend with the following categories:

- No congestion (Green line)
- Moderate (Yellow line)
- Heavy (Red line)
- Stop and go (Black line)
- Closed (Pink line)
- No data (Blue line)

At the bottom right, there is a "Show/Hide" section with checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map. The "Traffic" checkbox is checked.

The footer of the page contains copyright information: "©2011 MTC" and a list of links: "511.org Home | Traffic | Transit | Rideshare | Bicycling | Privacy | Accessibility".

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a map of the San Francisco Bay Area with traffic congestion levels indicated by colored lines. A legend in the bottom-left corner of the map area defines the congestion levels:

- No congestion (Green line)
- Moderate (Yellow line)
- Heavy (Red line)
- Stop and go (Black line)
- Closed (Purple line)
- No data (Blue line)

The sidebar on the left contains a "FEATURES & TOOLS" section with icons for information, zoom, and other map functions. Below this is a "Map Refresh Rate" set to "3 min." and a "Need help? Visit the User Guide/FAQ" link. The sidebar on the right includes "Features Help" and "Map Tools Help" sections with detailed instructions for using the map's interactive features.

At the bottom of the page, there are links for "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", and "Contact Us". The footer also includes copyright information: "©2011 MTC" and "511.org Home | Traffic | Transit | Rideshare | Bicycling | Privacy | Accessibility".

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot shows a web browser window displaying the 511.org traffic map. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The page header includes the 511 SF Bay Area logo and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (selected), RIDESHARE, and BICYCLING. A user login option 'MY511: Login | Register' is visible in the top right.

The main content area features a map of the San Francisco Bay Area with color-coded traffic lines. A sidebar on the left lists various services like 'Traffic Map with Driving Times', '511 Driving Times', and 'Predict-a-Trip'. Below this is a 'FEATURES & TOOLS' section with navigation icons and a 'Map Refresh Rate' of 3 min. A 'Traffic Congestion' alert is shown at the bottom left of the map.

On the right side, an 'Information Detail' panel provides specific incident information:

- Incident:** Caltrans : Roadwork on I-80 E Eastbound entering at Cummings Skwy (Crockett) On Ramp closed until 3 PM
- Advice:** Last updated: 5/11/11 8:10 a.m.
- Route:** I-80 E
- From:** WILLOW AVE
- To:** CUMMINGS SKWY
- City:** Hercules
- Speed limit:** 65
- Traffic speed:** 60 or higher

Below the incident details is another route summary:

- Route:** I-80 W
- From:** SAN PABLO AVE
- To:** CUMMINGS SKWY
- City:** Crockett
- Speed limit:** 65
- Traffic speed:** 60 or higher

A 'Show/Hide' legend at the bottom right allows users to toggle visibility for Incidents, Construction, Events, Cameras, Traffic, and Base Map. The footer contains copyright information for 2011 MTC and links to site navigation and accessibility resources.

Wednesday, May 11, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website interface in a Mozilla Firefox browser window. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The website header includes the 511 SF Bay Area logo and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (which is highlighted), RIDESHARE, and BICYCLING. A user login/register link is visible in the top right corner.

The main content area features a traffic map of the San Francisco Bay Area. The map shows major highways (I-80, I-580, I-680, I-880, SR 92, SR 205, SR 242, SR 238, SR 206, SR 207, SR 208, SR 209, SR 210, SR 211, SR 212, SR 213, SR 214, SR 215, SR 216, SR 217, SR 218, SR 219, SR 220, SR 221, SR 222, SR 223, SR 224, SR 225, SR 226, SR 227, SR 228, SR 229, SR 230, SR 231, SR 232, SR 233, SR 234, SR 235, SR 236, SR 237, SR 238, SR 239, SR 240, SR 241, SR 242, SR 243, SR 244, SR 245, SR 246, SR 247, SR 248, SR 249, SR 250) and various cities including St Helena, Dixon, Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Benicia, Pittsburg, Concord, Clayton, Walnut Creek, Berkeley, Albany, El Cerrito, Richmond, Pinole, San Pablo, San Rafael, Novato, Tiburon, Mill Valley, Corte Madera, Larkspur, Ross, and Belvedere. The map uses color-coded lines to indicate traffic conditions: green for clear, yellow for moderate congestion, and red for heavy congestion. Several yellow triangle icons with exclamation marks indicate incidents on the map.

On the left side of the map, there is a sidebar with a "FEATURES & TOOLS" section containing icons for information, zoom in, zoom out, pan, and other map controls. Below this, it shows "Map Refresh Rate: 3 min." and links for "Need help? Visit the User Guide/FAQ", "Close this window", and "Bookmark this page".

On the right side of the map, there is an "Information Detail" panel. It contains the following text:
Incident: CHP : Obstruction on I-80 W Westbound area of Carquinez Bridge (Vallejo) At least 1 lane Affected Expect delays
Advice:
Last updated: 5/11/11 8:43 a.m.
Route: I-80 W
From: SONOMA BLVD
To: CARQUINEZ BRIDGE
City: Vallejo
Speed limit: 65
Traffic speed: 60 or higher

Below the information panel is a "Show/Hide" section with a list of map features and their corresponding icons:

The screenshot shows a web browser window displaying the 511.org traffic map for the San Francisco Bay Area. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The page features a navigation menu with tabs for 511.ORG, TRANSIT, TRAFFIC (selected), RIDESHARE, and BICYCLING. The 511 SF Bay Area logo is in the top left, and a login/register link is in the top right.

The main content area is a traffic map showing major highways (I-80, I-880, I-580, I-680, I-5, SR 92, SR 205, SR 242, SR 238, SR 206, SR 207, SR 208, SR 209, SR 210, SR 212, SR 213, SR 214, SR 215, SR 216, SR 217, SR 218, SR 219, SR 220, SR 221, SR 222, SR 223, SR 224, SR 225, SR 226, SR 227, SR 228, SR 229, SR 230, SR 231, SR 232, SR 233, SR 234, SR 235, SR 236, SR 237, SR 238, SR 239, SR 240, SR 241, SR 242, SR 243, SR 244, SR 245, SR 246, SR 247, SR 248, SR 249, SR 250) and local roads. The map uses color-coded lines to indicate traffic conditions: green for clear, yellow for moderate congestion, and red for heavy congestion. Several yellow warning icons (triangles with exclamation marks) are placed along the routes, indicating incidents or construction.

On the left side, there is a sidebar with a list of links: Traffic Map with Driving Times, 511 Driving TimesSM (text version), Traffic Information (text version), Breaking News & Construction, Predict-a-TripSM, FasTrak[®], Bay Bridge Seismic Retrofit Project, 511 Driving TimesSM Coverage, Carpool Lanes and Lots, Local Traffic Information, Traffic Partners, and MY 511SM. Below this is a 'FEATURES & TOOLS' section with icons for information, zoom in, zoom out, pan, and other map controls. A 'Map Refresh Rate' is set to 3 min. There are also links for 'Need help? Visit the User Guide/FAQ', 'Close this window', and 'Bookmark this page'.

On the right side, there is an 'Information Detail' section. It contains two incident reports:

- Incident:** Caltrans : Roadwork on I-80 E Eastbound entering at Cummings Skwy (Crockett) On Ramp closed until 3 PM
Advice: Last updated: 5/11/11 8:10 a.m.
- Route:** I-80 E
From: WILLOW AVE
To: CUMMINGS SKWY
City: Hercules
Speed limit: 65
Traffic speed: 60 or higher

Below the incident reports is another route summary:

- Route:** I-80 W
From: SAN PABLO AVE
To: CUMMINGS SKWY
City: Crockett
Speed limit: 65
Traffic speed: 60 or higher

At the bottom right, there is a 'Show/Hide' section with checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map. All are checked.

At the bottom of the page, there is a footer with copyright information: ©2011 MTC and links for Home, Traffic, Transit, Rideshare, Bicycling, Privacy, and Accessibility.

Wednesday, May 11, 2011
PM Peak (3:00 – 8:00 p.m.)

The screenshot displays the 511.org website in a Mozilla Firefox browser window. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The website header includes the 511 SF Bay Area logo and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (which is selected), RIDESHARE, and BICYCLING. A user login option 'MY511: Login | Register' is visible in the top right.

The main content area features a traffic map of the San Francisco Bay Area. The map shows major highways and cities, with traffic conditions indicated by color-coded lines: green for no congestion, yellow for moderate, red for heavy, and black for stop-and-go. A legend in the bottom left corner provides a key for these colors and other symbols like closed roads and no data. An inset map in the top left shows the broader geographic context.

On the left side of the map, there is a sidebar with a 'FEATURES & TOOLS' section containing icons for information, zooming, and other map functions. Below this, it indicates a 'Map Refresh Rate: 3 min.' and provides links for help, user guide, and page management.

On the right side, there are two help sections: 'Features Help' and 'Map Tools Help', each with numbered instructions and icons. A 'Show/Hide' section at the bottom right allows users to toggle the visibility of various map elements like incidents, construction, events, cameras, traffic, and the base map.

The browser's status bar at the bottom shows 'Done'.

PM Peak (3:00 – 8:00 p.m.)

The screenshot displays the 511.org website's traffic map interface. At the top, the browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website's navigation menu includes "511.ORG", "TRANSIT", "TRAFFIC" (which is highlighted), "RIDESHARE", and "BICYCLING". The 511 logo and "SF Bay Area" are visible on the left. A sidebar on the left lists various services like "Traffic Map with Driving Times", "511 Driving Times SM", and "Predict-a-Trip SM". The main map area shows a route through the Bay Area, with green lines indicating traffic congestion. Key locations labeled include Yountville, Napa, American Canyon, Vallejo, Benic, Fairfield, Suisun City, Vacaville, and Dixon. A scale bar at the bottom of the map indicates 0 to 6 miles. On the right side, there are sections for "Features Help", "Map Tools Help", and "Show/Hide" settings. The "Show/Hide" section has checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map, all of which are checked. The page footer contains copyright information for 2011 MTC and links to various site pages.

Wednesday, May 11, 2011
PM Peak (3:00 – 8:00 p.m.)

The screenshot displays the 511.org website in a Mozilla Firefox browser window. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The website's navigation menu includes links for 511.ORG, TRANSIT, TRAFFIC (which is highlighted), RIDESHARE, and BICYCLING. The main content area features a map of the San Francisco Bay Area with traffic congestion indicated by thick green lines. Key locations labeled on the map include Yountville, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Benic, and Dixon. A scale bar at the bottom of the map indicates 0 to 6 miles. On the left side, a sidebar lists various services such as 'Traffic Map with Driving Times', '511 Driving Times SM (text version)', and 'Predict-a-Trip SM'. Below this is a 'FEATURES & TOOLS' section with icons for information, zoom, and other map functions. On the right side, there are 'Features Help' and 'Map Tools Help' sections with instructions on how to use the map's interactive features. At the bottom of the page, there is a footer with copyright information for 2011 MTC and links to '511.org Home', 'Traffic', 'Transit', 'Rideshare', 'Bicycling', 'Privacy', and 'Accessibility'.

Wednesday, May 11, 2011
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows a web browser window displaying the 511.org traffic map. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The page header includes the 511 SF Bay Area logo and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (which is selected), RIDESHARE, and BICYCLING. A user login option 'MY511: Login | Register' is visible in the top right.

The main content area features a map of the San Francisco Bay Area with a green route highlighted. The route starts near Yountville, passes through Napa, American Canyon, Vallejo, Benicia, Fairfield, Suisun City, and Sacramento, ending near Dixon. Major highways like I-80, I-680, and I-700 are labeled. A scale bar at the bottom of the map indicates 0 to 6 miles.

On the left side, there is a sidebar with a 'FEATURES & TOOLS' section containing icons for information, zoom, and other map functions. Below this, it says 'Map Refresh Rate: 3 min.' and provides links for 'Need help? Visit the User Guide/FAQ', 'Close this window', and 'Bookmark this page'. A 'Traffic Congestion' indicator is also present.

On the right side, there are two help sections: 'Features Help' and 'Map Tools Help', each with numbered instructions and icons. Below these is a 'Show/Hide' section with a list of map features and their corresponding icons: Incidents, Construction, Events, Cameras, Traffic, and Base Map. All these features are currently checked.

At the bottom of the page, there is a footer with copyright information: '©2011 MTC' and several links: '511.org Home', 'Traffic', 'Transit', 'Rideshare', 'Bicycling', 'Privacy', and 'Accessibility'. The browser's status bar at the very bottom shows 'Done'.

Wednesday, May 11, 2011
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows a web browser window displaying the 511.org traffic map. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The page features a navigation menu with tabs for 511.ORG, TRANSIT, TRAFFIC (selected), RIDESHARE, and BICYCLING. The main content area displays a map of the San Francisco Bay Area with a green route highlighted, showing driving times between various locations including Yountville, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Benicia, and Dixon. The map includes a scale bar (0 to 6 miles) and a north arrow. On the left side, there is a sidebar with a 'FEATURES & TOOLS' section containing icons for information, zoom, and other map functions. On the right side, there are 'Features Help' and 'Map Tools Help' sections with instructions for using the map's features. At the bottom of the page, there are links for 'About 511 Traffic', 'Suggestions', 'Tell a Friend', 'Traffic Site Directory', 'FAQ', and 'Contact Us', along with copyright information for 2011 MTC and links to '511.org Home', 'Traffic', 'Transit', 'Rideshare', 'Bicycling', 'Privacy', and 'Accessibility'. The browser's status bar at the bottom shows the URL http://traffic.511.org/traffic_map_frameToolbar.asp# and the text '(3) Microsoft Office Word'.

Wednesday, May 11, 2011
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows a web browser window displaying the 511.org traffic map. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. Done

Thursday, May 12, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot shows the 511.org website interface in a Mozilla Firefox browser window. The page title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The browser's address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo and "SF Bay Area" text, along with navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC" (which is selected), "RIDESHARE", and "BICYCLING". A user login option "MY511: Login | Register" is visible in the top right.

The main content area features a map of the San Francisco Bay Area with major highways highlighted in green. A "Traffic Congestion" legend is located at the bottom left of the map. On the right side, an "Information Detail" panel provides data for several routes:

- Route: I-80 E**
From: CA-12 W
To: I-680 S
City: Fairfield
Speed limit: 65
Traffic speed: 60 or higher
- Route: I-60 W**
From: SUISUN VALLEY RD
To: I-680 N
City: Fairfield
Speed limit: 65
Traffic speed: 60 or higher
- Route: I-680 N**
From: CORDELIA RD
To: I-80 E
City: Fairfield
Speed limit: 65
Traffic speed: 60 or higher
- Route: I-680 S**
From: I-80 W
To: I-80 E
City: Fairfield
Speed limit: 65
Traffic speed: 60 or higher

The "Show/Hide" panel on the right includes checkboxes for "Incidents", "Construction", "Events", "Cameras", "Traffic", and "Base Map", all of which are currently checked. The bottom of the page contains a footer with copyright information: "©2011 MTC" and various links such as "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Thursday, May 12, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot shows a web browser window displaying the 511.org traffic map for the San Francisco Bay Area. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The page header includes the 511 logo and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (selected), RIDESHARE, and BICYCLING. A sidebar on the left lists various services like 'Traffic Map with Driving Times', '511 Driving Times', and 'Traffic Information'. The main map area shows a network of roads with color-coded congestion levels: green for 'No congestion', yellow for 'Moderate', orange for 'Heavy', and red for 'Stop and go'. Major cities like Yountville, Sonoma, Napa, Fairfield, Suisun City, Vallejo, American Canyon, Pinole, Richmond, Concord, Pittsburg, and Brentwood are labeled. An 'Overview' map in the top left shows the region's location. A 'Traffic Congestion' legend is located at the bottom left, and a 'Show/Hide' legend is at the bottom right. The footer contains copyright information for 2011 MTC and links to site information.

http://traffic.511.org/traffic_map_frameToolbar.asp#

Thursday, May 12, 2011
AM Peak (6:00 – 10:00 a.m.)

The screenshot displays the 511.org website's traffic map for the San Francisco Bay Area. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main map area shows a network of roads with color-coded congestion levels. A legend titled "Traffic Congestion" indicates: No congestion (green), Moderate (yellow), Heavy (orange), Stop and go (red), Closed (purple), and No data (grey). The map shows heavy congestion on I-80 near the Carquinez Bridge and on I-880 near the Suisun Bay Bridge. An incident icon is visible on I-80 near the Carquinez Bridge.

On the right side, an "Information Detail" panel provides the following information:
Incident: CHP : Accident on I-80 E Eastbound after Carquinez Bridge (Vallejo) Center Divider blocked Expect delays
Advice:
Last updated: 5/12/11 9:08 a.m.
Route: I-80 E

The screenshot displays the 511.org traffic map for the San Francisco Bay Area. The interface includes a navigation menu at the top with options for 511.ORG, TRANSIT, TRAFFIC (selected), RIDESHARE, and BICYCLING. The map shows major highways with color-coded congestion levels: green for no congestion, yellow for moderate, red for heavy, and black for stop-and-go. Several incident icons (yellow triangles with exclamation marks) are visible on the map, particularly near Fairfield and Suisun City. On the right side, an 'Information Detail' panel provides specific information for an incident on I-80 E near Fairfield, including the location, date, and advice. A 'Show/Hide' legend at the bottom right allows users to toggle various map features like incidents, construction, and traffic. The bottom of the browser window shows a download notification for a file named 'manual3778.pdf'.

A sidebar on the left lists various services like "Traffic Map with Driving Times", "511 Driving Times", and "Traffic Information". The main map area shows the SF Bay Area with color-coded traffic lines indicating congestion levels. Major cities labeled include Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Benicia, Pittsburg, Richmond, Pleasant Hill, Concord, Clayton, Brentwood, Rio Vista, Dixon, and Davis. An "Overview" map in the top left shows the current map's location within the larger region. On the right side, there is an "Information Detail" section with two incident reports. The first report is for an accident on I-80 E near American Canyon Rd, and the second is for an accident on I-80 W near Red Top Rd. A "Show/Hide" legend at the bottom right allows users to toggle various map features like Incidents, Construction, Events, Cameras, Traffic, and Base Map. The footer contains copyright information for 2011 MTC and links to site information.

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main map area displays traffic conditions across the SF Bay Area, with color-coded lines representing traffic flow. Major highways like I-80, I-880, and SR-92 are visible. Labels on the map include Yountville, Sonoma, Napa, Fairfield, Suisun City, Dixon, Vacaville, American Canyon, Vallejo, Benicia, Pittsburg, Richmond, Pinole, San Pablo, Concord, Pleasant Hill, Clayton, Brentwood, and Rio Vista. An inset map titled "Overview" shows the entire SF Bay Area region.

On the right side, there is an "Information Detail" section with two entries:

- Route: I-80 E**
From: SAN PABLO AVE
To: CARQUINEZ BRIDGE
City: Crockett
Speed limit: 55
Traffic speed: 21
- Route: I-80 W**
From: SONOMA BLVD
To: CARQUINEZ BRIDGE
City: Vallejo
Speed limit: 65
Traffic speed: 60 or higher

Below the map is a "Show/Hide" legend with checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map. At the bottom, there are links for "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", "Contact Us", "©2011 MTC", "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows the 511.org website interface in a Mozilla Firefox browser window. The page title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The browser address bar shows "http://traffic.511.org/traffic_map.asp". The website header includes the 511 SF Bay Area logo and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a traffic map of the San Francisco Bay Area. A red line on the map indicates a traffic incident on I-80 Westbound near Vallejo. The map includes an "Overview" inset map, a "Traffic Congestion" legend, and a "Map Refresh Rate" set to 3 min. A scale bar shows 0 to 1 mile.

On the right side, the "Information Detail" section provides the following information:

- Incident:** CHP : Accident with injuries on I-80 W Westbound after Cummings Skwy (Crockett) Right shoulder blocked. Expect delays.
- Advice:** (None listed)
- Last updated:** 5/27/11 2:59 p.m.
- Route:** I-80 E
- From:** WILLOW AVE
- To:** CUMMINGS SKWY
- City:** Hercules
- Speed limit:** 65
- Traffic speed:** 60 or higher
- Route:** I-80 W
- From:** CUMMINGS SKWY
- To:** WILLOW AVE
- City:** Crockett
- Speed limit:** 65
- Traffic speed:** 60 or higher

The "Show/Hide" section on the right includes checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map, all of which are checked.

At the bottom of the page, there are links for "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", "Contact Us", "©2011 MTC", "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot displays the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website's navigation menu includes "511.ORG", "TRANSIT", "TRAFFIC" (highlighted), "RIDESHARE", and "BICYCLING". The main content area features a traffic map of the SF Bay Area with color-coded roads representing congestion levels. A legend in the bottom-left corner defines the congestion levels: No congestion (green), Moderate (yellow), Heavy (orange), Stop and go (red), Closed (purple), and No data (grey). The map includes an overview inset in the top-left and a "Traffic Congestion" legend in the bottom-left. The right sidebar contains "Features Help" and "Map Tools Help" sections. The bottom of the page includes a footer with copyright information and links to "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", "Contact Us", "Privacy", and "Accessibility".

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows the 511.org website interface in a Mozilla Firefox browser window. The page title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The browser's bookmark bar contains several links, including "Useful Websites", "Most Visited", "DowlingInc : Calendar", "cPanel X", "StaplesLink", "Postage Price Calculator", "FedEx Tracking - FedE...", "Overnite Express", "Online Restaurant Em...", "Dictionary.com", and "Find". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING". A "MY511: Login | Register" link is also present.

The main content area features a traffic map of the SF Bay Area. The map shows major highways with color-coded congestion levels: green for no congestion, yellow for moderate, orange for heavy, and red for stop-and-go. I-80 and I-580 are highlighted with red and orange, indicating heavy congestion. Other cities shown on the map include Yountville, Sonoma, Napa, Fairfield, Suisun City, Dixon, American Canyon, Vallejo, Pinole, Richmond, Concord, Pittsburg, Pleasant Hill, Brentwood, and Rio Vista. An inset map in the top left shows the location of the SF Bay Area within California.

On the right side of the map, there is an "Information Detail" panel. It contains two incident reports:

- Incident:** CHP : Accident with injuries on I-80 W Westbound after Cummings Skwy (Crockett) Right shoulder blocked Expect delays
Advice:
Last updated: 5/27/11 3:19 p.m.
Route: I-80 E
From: WILLOW AVE
To: CUMMINGS SKWY
City: Hercules
Speed limit: 65
Traffic speed: 60 or higher
- Route:** I-80 W
From: SAN PABLO AVE
To: CUMMINGS SKWY
City: Crockett
Speed limit: 65
Traffic speed: 60 or higher

Below the map is a "Traffic Congestion" legend with color-coded boxes: green for "No congestion", yellow for "Moderate", orange for "Heavy", red for "Stop and go", purple for "Closed", and blue for "No data". There is also a "Standard Colors" dropdown menu.

At the bottom of the page, there is a "Show/Hide" panel with checkboxes for "Incidents", "Construction", "Events", "Cameras", "Traffic", and "Base Map". The "Incidents" checkbox is checked. Below this panel are links for "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", and "Contact Us". The footer contains copyright information: "©2011 MTC" and "511.org Home | Traffic | Transit | Rideshare | Bicycling | Privacy | Accessibility".

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot displays the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC" (selected), "RIDESHARE", and "BICYCLING".

The main map area shows the San Francisco Bay Area with traffic congestion levels indicated by color-coded lines: green for no congestion, yellow for moderate, orange for heavy, and red for stop-and-go. Major highways like I-80, I-880, I-580, and SR-92 are visible. Labels on the map include Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Pinole, Richmond, Concord, Pittsburg, Brentwood, Rio Vista, Dixon, and Davis. An inset map in the top left shows the broader region.

On the right side, there is an "Information Detail" section with two entries:

- Route: I-80 E**
From: WILLOW AVE
To: CUMMINGS SKWY
City: Hercules
Speed limit: 65
Traffic speed: 60 or higher
- Route: I-80 W**
From: SAN PABLO AVE

Done

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot displays the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows the URL "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main map area shows the San Francisco Bay Area with various cities labeled, including Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Pinole, Richmond, Martinez, Pleasant Hill, Concord, Pittsburg, Brentwood, Rio Vista, Dixon, and Davis. The map uses color-coded lines to indicate traffic congestion levels: green for no congestion, yellow for moderate, orange for heavy, and red for stop-and-go. Major highways like I-80, I-880, and SR-92 are visible.

On the left side, there is a sidebar with navigation links such as "Traffic Map with Driving Times", "511 Driving Times SM (text version)", "Traffic Information (text version)", "Breaking News & Construction", "Predict-a-Trip SM", "FasTrak", "Bay Bridge Seismic Retrofit Project", "511 Driving Times SM Coverage", "Carpool Lanes and Lots", "Local Traffic Information", "Traffic Partners", and "MY 511 SM". Below these is a "FEATURES & TOOLS" section with icons for information, zoom, pan, and other map functions. A "Map Refresh Rate" is set to "3 min.". There are also links for "Need help? Visit the User Guide/FAQ", "Close this window", and "Bookmark this page".

At the bottom left, a "Traffic Congestion" legend defines the color coding: green for "No congestion", yellow for "Moderate", orange for "Heavy", red for "Stop and go", purple for "Closed", and blue for "No data".

On the right side, there is an "Information Detail" section with two entries. The first entry is for Route I-80 E, from Willow Ave to Cummings Skwy, in Hercules, with a speed limit of 65 and traffic speed of 60 or higher. The second entry is for Route I-80 W, from San Pablo Ave to Cummings Skwy, in Crockett, with a speed limit of 65 and traffic speed of 60 or higher. Below this is a "Show/Hide" section with checkboxes for Incidents, Construction, Events, Cameras, Traffic, and Base Map.

At the bottom of the page, there is a footer with copyright information: "©2011 MTC" and links for "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows the 511.org traffic map interface in a Mozilla Firefox browser window. The browser's address bar displays the URL http://traffic.511.org/traffic_map.asp. The page header includes the 511 SF Bay Area logo and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (selected), RIDESHARE, and BICYCLING. A "MY511: Login | Register" link is visible in the top right.

The main content area features a traffic map of the San Francisco Bay Area. The map uses color-coded lines to indicate traffic congestion levels: green for no congestion, yellow for moderate, orange for heavy, and red for stop-and-go. Major highways like I-80, I-580, I-5, and SR 92 are visible. A yellow triangle icon with a red exclamation mark indicates an incident on I-80 near Dixon, CA. The map is last refreshed on 5/27/2011 at 5:00 p.m.

On the left side, there is a sidebar with navigation links such as "Traffic Map with Driving Times", "511 Driving Times SM (text version)", and "Predict-a-Trip SM". Below these is a "FEATURES & TOOLS" section with icons for map navigation and a "Map Refresh Rate" set to 3 min.

On the right side, an "Information Detail" panel provides specific information about the incident:

- Incident:** CHP: Multi-vehicle accident on I-80 E Eastbound after CA-113 N (Dixon) Right shoulder blocked Expect delays
- Advice:** Expect delays
- Last updated:** 5/27/11 4:51 p.m.
- Route:** I-80 E
- From:** KIDWELL RD
- To:** CA-113 N
- City:** Dixon
- Speed limit:** 65
- Traffic speed:** 46

Below the incident details, there is another route summary:

- Route:** I-80 W
- From:** CA-113 N
- To:** KIDWELL RD
- City:** Dixon
- Speed limit:** 65
- Traffic speed:** 60 or higher

At the bottom right, a "Show/Hide" panel allows users to toggle the visibility of Incidents, Construction, Events, Cameras, Traffic, and Base Map. A legend for "Traffic Congestion" is located at the bottom left of the map area, and a scale bar (0 to 8 miles) is at the bottom center.

The footer contains copyright information: ©2011 MTC and links to 511.org Home, Traffic, Transit, Rideshare, Bicycling, Privacy, and Accessibility.

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot shows the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows "http://traffic.511.org/traffic_map.asp". The website header includes the 511 SF Bay Area logo and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (selected), RIDESHARE, and BICYCLING. A "MY511: Login | Register" link is visible in the top right.

The main map area displays traffic congestion levels across the San Francisco Bay Area. A legend titled "Traffic Congestion" shows color-coded levels: No congestion (green), Moderate (yellow), Heavy (orange), Stop and go (red), Closed (purple), and No data (grey). Major highways like I-80, I-580, I-5, and SR 92 are visible. A yellow triangle icon indicates an incident on I-80 near Dixon, CA.

On the right side, an "Information Detail" panel provides details for the incident:
Incident: CHP: Multi-vehicle accident on I-80 E Eastbound after CA-113 N (Dixon) Right shoulder blocked Expect delays
Advice:
Last updated: 5/27/11 4:51 p.m.

The screenshot displays the 511.org website's traffic map interface. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Mozilla Firefox". The address bar shows "http://traffic.511.org/traffic_map.asp". The website header includes the 511 logo, "SF Bay Area", and navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING".

The main content area features a map of the San Francisco Bay Area with traffic congestion levels indicated by colored lines. A legend titled "Traffic Congestion" shows the following categories: No congestion (green), Moderate (yellow), Heavy (orange), Stop and go (red), Closed (purple), and No data (grey). The map shows significant congestion (red and orange lines) along major routes like I-80 and I-680, particularly between Vallejo and Suisun City.

On the right side, an "Information Detail" panel provides specific data for two routes:

- Route: I-80 E**
From: AMERICAN CANYON RD
To: CA-12 W
City: Vallejo
Speed limit: 65
Traffic speed: 60 or higher
- Route: I-80 W**
From: I-680 S
To: RED TOP RD
City: Fairfield
Speed limit: 65
Traffic speed: 60 or higher

The bottom of the page contains a footer with copyright information: "©2011 MTC" and links for "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".

Friday, May 27, 2011 – Memorial Day Weekend
PM Peak (3:00 – 8:00 p.m.)

The screenshot displays the 511.org website's traffic map interface in a Mozilla Firefox browser window. The browser's address bar shows the URL http://traffic.511.org/traffic_map.asp. The website header includes the 511 logo for the SF Bay Area and navigation tabs for 511.ORG, TRANSIT, TRAFFIC (which is selected), RIDESHARE, and BICYCLING. A user login option 'MY511: Login | Register' is visible in the top right.

The main content area features a map of the San Francisco Bay Area with traffic data overlaid. Major highways like I-80, I-880, I-580, and SR-92 are shown. The map uses color-coded lines to indicate traffic congestion levels: green for 'No congestion', yellow for 'Moderate', orange for 'Heavy', and red for 'Stop and go'. A legend in the bottom left corner provides a key for these colors and other symbols like 'Closed' and 'No data'. The map also shows various cities and towns such as St Helena, Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Pinole, Richmond, Concord, Pittsburg, Pleasant Hill, Brentwood, Rio Vista, Dixon, and Davis.

On the right side of the map, there is an 'Information Detail' panel. It lists two routes:

- Route: I-80 E**
From: AMERICAN CANYON RD
To: CA-12 W
City: Vallejo
Speed limit: 65
Traffic speed: 60 or higher
- Route: I-80 W**
From: I-680 S
To: RED TOP RD
City: Fairfield
Speed limit: 65
Traffic speed: 60 or higher

The bottom of the page contains a footer with copyright information: '©2011 MTC' and links for '511.org Home', 'Traffic', 'Transit', 'Rideshare', 'Bicycling', 'Privacy', and 'Accessibility'. A status bar at the very bottom shows 'Done'.

Monday, May 30, 2011 – Memorial Day
PM Peak (3:00 – 8:00 p.m.)

4:00

The screenshot displays the 511.org traffic map for the San Francisco Bay Area. The browser window title is "511.org -- Traffic: Traffic Map with Driving Times - Google Chrome". The page header includes the 511 logo and "SF Bay Area". Navigation tabs for "511.ORG", "TRANSIT", "TRAFFIC", "RIDESHARE", and "BICYCLING" are visible. The "TRAFFIC" tab is active.

The main map area shows traffic congestion levels across the region. Major routes like I-80, I-580, and I-5 are highlighted with green, yellow, and red lines, indicating varying degrees of congestion. Labels for cities such as Yountville, Sonoma, Napa, Fairfield, Suisun City, American Canyon, Vallejo, Benicis, Pittsburg, Dixon, and Rio Vista are present. An inset map in the top left shows the broader geographic context.

On the left side, there is a "FEATURES & TOOLS" section with icons for various map functions. Below it, a "Traffic Congestion" legend is provided:

- No congestion (Green line)
- Moderate (Yellow line)
- Heavy (Orange line)
- Stop and go (Red line)
- Closed (Dark red line)
- No data (Grey line)

On the right side, an "Information Detail" panel shows route information for two segments:

- Route: I-80 E, From: PEDRICK RD, To: KIDWELL RD, City: Dixon, Speed limit: 65, Traffic speed: 60 or higher
- Route: I-80 W, From: CA-113 N, To: KIDWELL RD, City: Dixon, Speed limit: 65, Traffic speed: 42

At the bottom right, a "Show/Hide" panel allows users to toggle various map features like Incidents, Construction, Events, Cameras, Traffic, and Base Map.

The footer contains copyright information: "©2011 MTC" and links for "About 511 Traffic", "Suggestions", "Tell a Friend", "Traffic Site Directory", "FAQ", "Contact Us", "511.org Home", "Traffic", "Transit", "Rideshare", "Bicycling", "Privacy", and "Accessibility".
