

## MEMBER AGENCIES & COMMITTEES

The Solano Transportation Authority (STA) was created under a Joint Powers Agreement in 1990 to serve as the Congestion Management Agency to program federal, state and regional transportation funds. STA member agencies include the cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, Vallejo, and Solano County.

Board members are appointed by their local jurisdictions to serve as representatives

on the STA Board of Directors. Each jurisdiction also has staff representatives on the Technical Advisory Committee and the SolanoExpress Intercity Transit Consortium, which act in a technical advisory capacity to the STA Board members and staff.

The STA uses an open and inclusive public involvement process

through various committees made up of local elected officials, public works directors, transit operators, and interested citizens in the development of specific policies and transportation plans to improve Solano County's transit systems, roads and freeways, and alternative modes.

## 2011 STA BOARD MEMBERS

**Harry Price**, Chair  
Mayor, City of Fairfield

**Jack Batchelor, Jr.**, Vice  
Chair,  
Mayor, City of Dixon

**Elizabeth Patterson**  
Mayor, City of Benicia

**Jan Vick**  
Mayor, City of Rio Vista

**Pete Sanchez**, Chair  
Mayor, City of Suisun City

**Steve Hardy**  
Mayor, City of Vacaville

**Osby Davis**  
Mayor, City of Vallejo

**Jim Spring**  
Supervisor, District 3,  
Solano County

## STA STAFF

SEPTEMBER 2011

## STA TRANSPORTATION SYSTEM VISION

*The STA has a vision for a comprehensive I-80 corridor strategy within Solano County.*

The I-80 corridor serves as the only direct freeway connection between the two largest economic regions in Northern California, the San Francisco Bay Area and metropolitan Sacramento. It is the backbone for moving people, goods and services through the San Francisco and Sacramento mega-region, and is one of four California priority trade corridors. As the “heart of the Mega-Region,” addressing operational needs and improvements on the I-80 corridor through Solano County is vital to commuting, transcontinental freight and recreational traffic.

STA’s multimodal approach includes integrating investments along the I-80 corridor:

- Goods Movement/Trade Corridor
- Traffic Operations System Technology
- Express Lanes Network
- Transit System - SolanoExpress and the Capitol Corridor
- Corridor Commute Options - Solano Napa Commuter Information (SNCI)
- Safe Routes to School (SR2S)

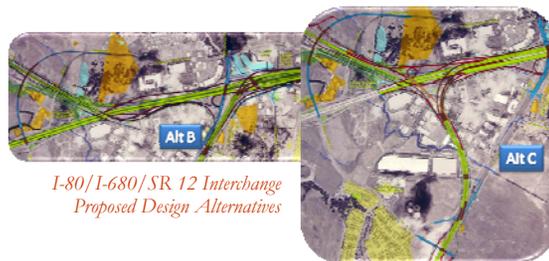

*SolanoExpress Intercity Bus*

## STA OVERALL WORK PLAN

STA Overall Work Plan for FY 2011-12 and FY 2012-13 contains 44 projects, plans and programs/ services that cover the range of current and proposed activities of the STA for the next two fiscal years. STA is *lead* or *co-lead agency* for the following:

### Projects
