Intercity Taxi Scrip Program

TAXI DRIVER ADA SENSITIVITY TRAINING OUTLINE

Introduction

- General overview of the (ADA) Americans With Disabilities Act, as it pertains to transit services.
- Disability Etiquette and Interacting With Persons With Disabilities

General Etiquette

- People with disabilities. The person handicapped should be treated as a person with disabilities or persons with disabilities acceptable, but this term is second.
- Language is powerful. Language can be a barrier for people with disabilities.

Be Yourself

- Treat people with disabilities as you would anyone else with a disability.
- Don't assume that "disabled" means "not interested in." Find a way to help.

IntercityTaxi Scrip
