

9-4-15:

In response to the traffic congestion experienced by residents, Caltrans is clarifying the project details and taking the following measures:

- Construction hours on Green Valley Rd will be 8:30 am to 5:00 pm, with a break from 12 to 1:30 pm.
- Current water line work on Green Valley Rd will be completed today (Friday 9/4/15).
- Work on another water line across Green Valley Rd will be done in the near future.
- Wednesday (September 2nd) there was a cave-in problem in a trench which caused unusual delay times.
- Caltrans appreciates the public's patience as they work to provide improved infrastructure.

For further information, contact Caltrans Public Information Officer Vince Jacala at 510-286-5206.
