## **Solano Transportation Authority Seeks Input on Solano Travel Safety Plan**

**Suisun City, CA** –The 2015 Draft Solano Travel Safety Plan has been released by the Solano Transportation Authority for public review and comment.

The plan identifies locations where local agencies may implement projects and/or redesign streets to reduce the frequency and severity of collisions on local streets and roads throughout Solano County. The Safety Plan will help guide the STA when prioritizing funding for plans, programs, and projects in the goal to eliminate the number of fatalities and severe injuries on our roadways.

The Solano Travel Safety Plan (Safety Plan) has been updated by the STA and staff from member agencies (Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, Vallejo, and the County of Solano).

To review and learn more about the Solano Travel Safety Plan, go to the website:
