- Suisun City
- Vacaville
- Vallejo
- County

# ON-LINE SURVEY (103 RECEIVED)

How would you rate the quality of local streets that you drive on?

■ - Bad ■ - Fair ■ - Good ■ - Great

**Solano County's Streets Need Fixing**

For over 25 years, Solano Transportation Authority (STA) has sought transportation funding to help our 7 cities deliver high-impact transportation projects. Our priorities are shaped by the goals of your community and input from the public. Over the past year we've conducted extensive outreach and we have heard four priorities from you. However, cuts in state funding and a lack of local resources has inhibited our ability to address these issues. As we plan for future investments, we want to continue to hear from you.

Tell us your priorities by filling out this quick survey. Your answers will help STA make informed decisions on the future transportation needs of Solano County.

**1. How would you rate the quality of local streets that you drive on?**

Bad Fair Good Great

**2. Is there a street in your community that could use safety improvements?**

Yes No

If you answered yes, what street could use safety improvements?

**3. How would you rate transportation options for seniors and persons with disabilities in Solano County?**

Limited  
 Sufficient  
 Excellent  
 Unsure
