

STA High School Interns 2017

James Bloesch: Projects Intern from Vacaville. James plans on majoring in mechatronics engineering (combo of mechanical and electrical engineering) at Chico State in the fall. He enjoys activities in the great outdoors such as hiking, kayaking, and running.

Ramil Chettfour: Planning Intern from Fairfield. Ramil will be a senior at Armijo High School this fall. He desires to attend USC next year. Ramil is musically gifted and is passionate about playing the tuba. He is involved in the debate league at his school.

Max Divina: Transit Intern from Fairfield. Max will be a senior at Rodriguez High School this fall. He aspires to study mechanical engineering and auto at UC Berkeley in the future. Max is fascinated by cars and their engines and is interested in learning how to repair them.

Erika Hansen: Mobility Intern from Vacaville. Erika will be a senior at Vacaville High School this fall. She is a skilled hockey player and wishes to play competitively (Division 3) in college. Erika is interested in majoring in Sports Management so she can learn about the business aspect of hockey.

Jenna McAbee: Safe Routes to School Intern from Vacaville. Jenna will be attending Calvin College in Michigan this fall. She plans on going pre-med but majoring in business to learn about both medicine and finances. Jenna loves any outdoor activities including hiking, cycling, and skiing.
