EXECUTIVE SUMMARY

This report presents the results of an on-board survey of 2,394 riders on intercity routes in the Solano Transportation Authority system. Results were weighted according to the weekly ridership of each route as estimated from on-off counts summarized below.

Overall, the survey results indicate that intercity routes are an important transportation resource (both for Solano County residents and others) that serve a valuable function in providing an alternative to the automobile for commuters. As summarized in the conclusions at the end of this report, findings include:

- Intercity riders rely on the bus for transportation.
 - About 57% have no car or one car, and 46% said no car was available for this trip.
 - In addition, 31% of respondents do not have a driver's license. Among those without a license, almost one-third said they would not have made their current trip if the bus had not been available.
- Most riders use their intercity bus frequently, with 70% reporting that they ride at least 3 days a week and almost 85% riding at least weekly.
- Most riders are also long-term users.
 - More than 60% of intercity riders have been using their current route for at least a year, with 22% having been riders for 6 years or more.
 - Intercity buses do continue to attract new riders, with almost one-fourth of respondents riding for less than 6 months and 5% riding for the first time.
- Riders use intercity routes for travel primarily between home and work, but also to and from a variety of other destinations. More than 90% of respondents either

began or planned to end their current trip at home, while more than 67% were coming from or going to work, about 10% to or from school, and about 6% to or from shopping/errands or sports/social/recreational events.

- Riders also use the intercity routes as one of several links in their commute or other travel, with roughly half using other public transportation methods (BART, other buses) both to get to their bus stop and to get to their final destination.
- Demographically, intercity routes serve a diverse ridership, with almost 44% African American, 26% white/Caucasian and 17% Asian riders. More than 13% of riders described themselves as Hispanic or Latino. In addition, 31% of respondents said they speak a language other than English at home, mostly Spanish (31%) or Tagalog/Filipino (27%), but also more than a dozen other languages.
- Intercity routes primarily serve riders of working age (more than 91% of respondents are 18 to 64 years old.) Similarly, more than 75% of riders are employed full time or part time.
- Intercity riders gave good ratings to most service elements, with an overall service rating of 3.07, where 3.0 represents a “good” rating. Most service elements received average ratings of about 3.0 or higher, with driver courtesy receiving the highest rating of 3.26. While availability of intercity connections, frequency of service and rider information all received ratings slightly below 3.0, the average rating for fares was lowest, at 2.62.
- More than 20% of riders said there were no changes they would like to see to the route they were on, while 7% offered no suggestions. The most frequently offered change was for more frequent service (34% of those who offered suggestions), while almost as many respondents suggested more Sunday service (33%) or more Saturday service (27%). Another 23% suggested later evening service – more than twice as many as the 10% who would like to see earlier morning service. Note that totals exceed 100% because multiple suggestions were accepted.
- When asked how they want to receive transit information, more than 35% of respondents said their preference was for information at bus stops, while another 24% mentioned notices on the buses themselves. Other popular information sources included electronic media such as the transit website (28%) and email (19%).
- While the Intercity results consistently show a ridership that relies on buses on a regular basis to commute between home and work as well as reach other destinations, there are significant differences among individual routes in terms of the age, employment status, income, ethnic background and access to alternative methods of transportation of their riders.

INTRODUCTION

This report presents the results of an on-board survey of riders on intercity routes in the Solano Transportation Authority system. A total of 2,394 passengers on the following intercity routes were surveyed:

- FAST, surveyed between April 8 and April 15
 - Route 20 – 111 riders surveyed
 - Route 30 – 122 riders surveyed
 - Route 40 – 98 riders surveyed
 - Route 90 – 434 riders surveyed
- Napa VINE, surveyed April 3
 - Route 21 – 29 riders surveyed
- SolTrans, surveyed between April 1 and April 17
 - Route 76 – 19 riders surveyed
 - Route 78 – 209 riders surveyed
 - Route 80 – 1,049 riders surveyed
 - Route 80S – 67 riders surveyed
 - Route 85 – 256 riders surveyed

Results presented in this report are weighted to accurately represent the overall intercity rider population; that is, results from each intercity route are weighted according to the estimated number of riders per week, based on the weekday and weekend on-off counts conducted as part of this study. The results of these counts and the resulting estimates of weekly ridership that were used to develop weights are presented below.

For each set of findings, results are presented in graphic form for the overall population of all intercity riders. For most questions, results are also presented for individual routes. The remainder of this report presents results for all intercity riders. First, characteristics of trips being taken by surveyed riders are assessed, followed by an analysis of rider

demographics. Rider perception of the quality of service and suggested improvement are then discussed. Finally, brief conclusions are drawn regarding the characteristics of riders and their use of the Solano Transportation Authority intercity routes.

TRIP CHARACTERISTICS

The following section is about how intercity riders were using the bus at the time they were surveyed. Riders were asked to describe how often they rode and for what purpose, where they were traveling to and from, how they got to and from stops, how they paid their fare and how they would have made this trip if the bus had not been available.

Frequency of Ridership

Most riders use their intercity bus frequently, with about 70% reporting that they ride at least 3 days a week and almost 85% riding at least weekly. As shown by the individual route results, both FAST Routes 40 and 90 have the highest share of riders using the bus 5-7 times a week, while SolTrans 80S has the lowest share. These results indicate that riders make the intercity routes an integral part of their transportation strategy.

Length of Ridership

Survey results indicate that more than 60% of intercity riders have been using their current route for at least a year, with 22.4% having been riders for 6 years or more. At the other extreme, 24% of respondents said they had been riding for less than 6 months. FAST Route 90 had the highest percentage of respondents who had been riding for at least 6 years, while Napa VINE 21 and SolTrans 85 had more than half riding less than one year.

Round/One Way Trip

Almost three-fourths of respondents said their ride on the bus was part of a round-trip, while 23.8% said they did not intend to make a round trip on the bus and fewer than 3% did not yet know whether they would be making a return trip on the same route. More than 80% of FAST 30, 40 and 90 riders expected to make round trips. The high

percentage of riders on round trips supports the hypothesis that many riders on intercity buses are on a regular commute.

Trip Purpose—Where Are You Coming From and Where Are You Going?

Passengers were asked where they were coming from and where they were going on this trip. The results show that riders are using intercity routes for travel primarily between home and work, but also to and from a variety of other destinations. More than 90% of respondents either began or planned to end their current trip at home, while more than 67% were coming from or going to work, about 10% to or from school, and about 6% to or from shopping/errands or sports/social/recreational events. No other origin or destination accounted for as much as 5%.

More than 80% of intercity riders said they were coming from either home (56.4%) or work (28.1%) on their current trip, while 4.0% said they were returning from school or college and 2.8% were returning from sports, social or recreational events. All FAST Route 40 respondents were coming from home or work, compared to less than half of those on SolTrans76.

Work was the most often mentioned destination (39.3%), followed by home (36.6%), school/college (6.4%) sports, social or recreational (4.6%) and shopping/errands (4.3%). Various other destinations each accounted for less than 3% of responses. FAST Route 40 had more than 90% of riders heading for work or home. In contrast, FAST 20 had fewer than 60% of riders with home or work as a destination, and more than 20% of riders

either going to school (12.4%) or going shopping (8.6%). These results show the importance of intercity routes both in serving commuters and in providing access to other activities.

Places of Origin and Destination

Respondents were also asked where they had started their current trip and where they planned to end it. Results indicate that almost 46% of intercity riders are starting their trip in either Vallejo or Fairfield, and almost 40% are ending their trip at one of those two

destinations. San Francisco was the only other city accounting for more than 10% of both origins (11.6%) and destinations (11.0%).

Figure 12. City of Origin and Destination – All Intercity

Among individual routes, FAST Route 20 had more than 80% of riders coming from or going to Vacaville and Fairfield, while SolTrans 85 had more than 80% coming from and going to Vallejo and Fairfield.

Where Did You Board and Will You Leave the Bus?

When asked where they had boarded the bus, about 58% of intercity riders said they had boarded either in Vallejo or El Cerrito and the same percentage of riders planned to leave in these cities, in part reflecting the high volume of passengers connecting to BART. About 20% of passengers boarded and planned to exit their bus in Fairfield; Vacaville accounted for 5.8% of boardings, but no other city accounted for as much as 5% of either boarding or departing riders.

Access to Bus Stop

About half of riders reached the bus stop using BART or by bus, with 48.4% responding that they used public transportation to get to their stop. Another 29% reached their stop by car, as driver (18.3%) or as passenger (11.3%), while 20.3% said they walked at least part of the way to their stop (note that some riders provided more than one response).

Riders who walked to reach their bus stop were asked approximately how long the walk took. Mid-points of ranges (e.g., 8 minutes for 6-10 minutes) were used to calculate an average time of 12.9 minutes for the 338 intercity riders who walked to their bus stop.

Most riders who reached their stop by bus used other STA operators, with SolTrans and FAST accounting for more than two-thirds of the total. In addition to AC Transit (11.2%), buses from several of other transit systems were used to reach intercity stops, including Vacaville City Coach (4.4%), Contra Costa County Connection (3.6%) and Napa Vine (3.1%).

Access to Final Destination

Riders were also asked how they planned to reach their final destination. More than half planned to rely on public transportation, primarily BART (28.1%) and other buses (22.4%). More than 20% included walking in their plans and over 20% would use cars (13.3% as driver; 8.6% as passenger). SolTrans 80S riders were most likely to rely on BART (44.8%) and FAST 20 respondents had the highest percentage indicating they would use another bus (67.3%).

* More than one mode may have been mentioned

The 328 intercity riders who provided an estimate of how long they would take to walk to their destination reported that they would take an average of 13.3 minutes.

For intercity riders who planned to reach their final destination by bus, about 60% said they would travel on SolTrans or FAST, while 13.2% planned to use AC Transit. Some 14% of respondents said they would use County Connection (7.9%) or Vacaville City Coach (6.2%).

How Trip Would Have Been Made Without the Bus

Slightly less than one-fourth (23.4%) of respondents said they would not have made the trip if their intercity bus had not been available – indicating both that most riders have alternative ways of making this trip and that the trip must be made (e.g., for getting to work). Automobiles were mentioned as an alternative, either by driving alone (35.5%), by getting a ride (23.6%) or through a planned or casual carpool (15.7%). Since intercity trips are typically longer than those made by local riders, fewer respondents said they would have walked (3.2%) or ridden a bike (1.5%).

SolTrans 76 and 80S both had more than 40% of riders reporting that they would not have made the trip without this bus available, while FAST Route 30, 40 and 90 all had fewer than 20% who would not have made the trip, with more than half of these FAST riders saying they would have driven alone. In contrast, fewer than 10% of SolTrans 80S or 85 respondents would have driven alone.

How Fare Paid

Riders were also asked how they had paid their fare, and whether they had paid an adult, senior/disabled, or student fare. Over half (50.7%) of intercity riders said they paid cash, while 36.8% paid with a monthly pass. Far fewer said they used multi-ride/punch passes (8.1%) or transfers (3.4%). Among individual routes, SolTrans Route 80S had the highest percentage who paid cash (85.9%), while FAST 30, 40 and 90 all had more than 60% of riders using a monthly pass.

RIDER DEMOGRAPHICS

The following section examines the demographics, or basic characteristics, of intercity riders. These include gender, ethnicity, age, employment status, and household income, and help to determine the characteristics of riders on the intercity routes.

Gender

Intercity riders are predominantly female, with males accounting for 45.8% of ridership. SolTrans 80S had a nearly equal mix of male and female riders, while SolTrans 76 ridership was 55% male and FAST 20 was 52.8% male.

Age

More than 91% of Intercity riders are within the age range of working adults (18 to 64), with only 1.8% under 18 and 6.6% age 65 and older. FAST Route 40 had no respondents under 18, while SolTrans 76 had 100% of respondents in the 18-64 range. (It should be noted that minors appearing to be under the age of 13 were not asked to complete a questionnaire.)

The remaining 6.8% of riders comprised retirees and homemakers. FAST Routes 40 and 90 had over 80% of riders who were employed fulltime, while SolTrans 76 had 20% and SolTrans 85 had 30.9%.

Race and Ethnicity

The intercity routes have a diverse ridership, with almost 44% of riders African-American, 25.8% white/Caucasian and one-sixth Asian. SolTrans 85 had the highest percentage of African-American respondents (57.5%), while FAST 30 had the highest percentage white/Caucasian (48.5%) and SolTrans 76 and 78 both had 20% or more Asian riders.

Respondents were asked several other questions about their cultural background. When asked if they considered themselves Spanish, Hispanic or Latino, 13.5% of riders surveyed responded in the affirmative. The survey also asked if the respondent spoke a language other than English at home: 30.6% of riders said they did so. Among those who specified what language they spoke, about 60% mentioned either Spanish (31.2%) or Filipino/Tagalog (27.3%), with the remainder comprising French (4.6%), Chinese (2.9%), German (2.2%), Thai (2.0%) and more than a dozen other languages. (Surveys were available in English and Spanish only, so results regarding languages spoken at home, as well as race, should be reviewed with that in mind.)

Household Size

About 40% of intercity riders live in one- or two-person households, and 63% live in households with 3 people or fewer. The percentage of riders in 4-person households (18.4%) is about the same as the combined total of the percentage of households with 5, 6, 7 and 8 or more.

FAST Route 40 and SolTrans 76 both had fewer than 7% single family households – less than one-third the percentage of SolTrans 80S, which had 21.1%. FAST 20 and Napa VINE 21 both had about 30% of respondents in households with 5 or more people.

Household Income

Among those respondents reporting their income (about 73% of the total), slightly fewer than half (48.6%) had incomes greater than \$50,000, while 28.7% had incomes less than \$25,000.

FAST Routes 40 and 90 had the highest income riders, with both having more than half their respondents reporting incomes over \$75,000. In contrast, FAST 20 and SolTrans 85 and 80S all had more than 50% of riders with incomes under \$25,000.

City of Residence

More than 70% of intercity riders live in Vallejo (43.5%), Fairfield (20.8%) or Vacaville (9.9%), while 6.7% live in Suisun City. Respondents living outside Solano or Napa Counties (9.9%) outnumber those who live in Benicia, Dixon or elsewhere within either of those two counties.

More than three-fourths of SolTrans Route 80 respondents live in Vallejo, while more than half of FAST 90 and Napa VINE riders live in Fairfield and more than half of FAST 20 respondents reside in Vacaville.

Cars in Household

About 22% of intercity riders have no cars in their household, and 34.8% have just a single vehicle, suggesting that almost 57% of riders have limited access to an automobile as an alternative to their bus service.

More than 38% of SolTrans Route 85 riders have no cars in their household, compared to less than 10% of FAST 40 and 90 respondents, over 60% of whom report owning 2 or more cars.

Could Car Have Been Used for this Trip?

The extent to which riders have access to vehicles is reflected in the responses to a question regarding whether a car could have been used for this trip. About 41% of intercity riders said yes, while 13% said that a car would have been available, but it would have involved causing inconvenience for others. The fact that almost half (45.6%) said no car was available indicates that many intercity riders have limited alternatives to the bus to make their trip. The percentage of respondents with a car available ranged from about 10% for SolTrans 76 and 85 to 71.1% for FAST 40.

Another factor influencing the extent to which riders are dependent on bus availability is whether they have a driver’s license. When asked whether they have a driver’s license, 69.2% of riders said yes, indicating that almost one-third of respondents cannot drive themselves as an alternative to using the bus. The percentage of respondents with a license ranged from about 90% for FAST 40 and 90 to less than 45% for FAST 20 and SolTrans 76, 80S and 85. Recall that Figure 27 showed that for all riders, 23.4% would not have made their current trip if the bus had not been available; for those without a driver’s license, the percentage who would not have made the trip was significantly higher at 32.9%.

QUALITY OF SERVICE

Overall, 459 of the 2,241 surveyed intercity riders who responded to this question (20.4% on a weighted basis) said there were no changes they would like to see to the route they were on; another 6.6% did not provide any response to the question, indicating that they too had no suggestions to offer. The most frequently offered change was for more frequent service (33.6% of those who offered suggestions), while almost as many respondents suggested more Sunday service (33.0%) or more Saturday service (26.9%). Another 22.6% suggested later evening service – more than twice as many as the 9.8% who would like to see earlier morning service. Other suggested improvements to existing service focused on better on-time performance (16.6%), easier transfers (8.0%) and new stops (5.0%). Although “lower fares” was not offered as an option on the written survey, 0.7% of intercity respondents wrote in this suggestion. “Other” suggestions, some of which are discussed in the “Final Comments” section of this report, were offered by 13.9% of respondents.

Routes with the highest percentage of respondents suggesting more frequent service include FAST 30 (58.1%) and 40 (46.9%) and SolTrans 76 (70.6%) and 78 (49.7%). FAST 40 had the highest percentage of riders asking for better on-time performance (29.6%), while FAST 90 and SolTrans 80S both had more than 8% of respondents asking for service to new stops. A sizeable number of FAST 90 riders focused their attention on the need to have more frequent service to Suisun City.

Rating of Service

Survey respondents were asked to rate a variety of service elements on their bus route as excellent, good, fair, or poor. Mean ratings for each question were calculated by assigning a value of 4 to excellent, 3 to good, 2 to fair, and 1 to poor and then averaging the results.

Overall, intercity riders gave good ratings to most service elements, with an overall service rating of 3.07, where 3.0 represents a “good” rating. Most service elements received ratings of about 3.0 or higher, with driver courtesy receiving the highest rating of 3.26. While availability of intercity connections, frequency of service and rider information all received ratings slightly below 3.0, the average rating for fares was somewhat lower at 2.62. VINE 21 respondents had by far the highest satisfaction with the level of fares (3.39 vs. an overall average of 2.62) – likely due in part to the greater number paying student fares and perhaps because the adult cash intercity fare they would pay is generally lower than those for FAST or SolTrans.

Preferred Means of Receiving Information

Riders were also asked to choose from a variety of ways to receive transit information (with more than one response possible.) Among the 2,091 intercity riders who answered this question, 35.5% said their preference was for information at bus stops, while another 24.2% mentioned notices on the buses themselves. Other popular information sources included electronic media such as the transit website (27.6%) and email (19.3%), although only 1.2% were interested in receiving information via text message. Other non-electronic media were cited less frequently, including mail (14.4%), brochures (10.5%) and newsletters (11.9%). Newspapers and radio were cited by fewer than 3% of respondents.

Riders with a high likelihood of mentioning traditional hard copy information included those on FAST 20, 40 and 90, Napa VINE 21 and SolTrans 85 – all of whom had combined totals of at least 40% of respondents citing mail, brochures, newsletters or newspapers as preferred information sources. However, riders on FAST 40 and 90 also had a total of more than 50% of respondents mentioning three electronic information sources: the transit website, email or text messages. FAST 30 respondents had more than twice as many mentions of these electronic sources (53.6%) as of mail, brochures, newsletters and newspapers (23.2%).

As a follow-up to the request for input on their perceptions of service, riders were asked if they would be interested in serving on an Advisory Committee for their route to increase public input and feedback on how to best serve the riders' needs. Overall, 393 respondents, or 16.4% of those completing the survey, said Yes. The percentage of those agreeing to serve ranged from 6.9% for SolTrans 80 to 23.4% for SolTrans 85 and 24.1% for Napa Vine 21.

Final Comments

At the end of the survey form, riders were asked if there were any other comments they would like to add about the service on this bus route, and more than 850 did provide some handwritten feedback. Most comments simply expanded on the responses to the question regarding changes riders would like to see, described in Figures 49 and 50.

Representative quotes are presented for several categories of responses to give the reader a sense of the kinds of comments offered, with the route number shown in parentheses after the comment.

More frequent service

- Need more buses, too crowded every day, and I have been turned away. (30)
- Need to add service before the 4:25 bus to Fairfield. (40)
- Please add every hour service. (21)
- More frequent buses across the bridges. (76)
- More frequent service during commute hours, especially 6 PM; the 6:55 PM is a long wait. (78)
- The 90 should go to Suisun on every trip, not just at peak hours. (90)
- Need more services to and from Suisun in the mornings and afternoons due to parking. (90)

More Saturday service

- I wish the 21 would run on Saturday and Sunday. (21)
- Match Saturday service to BART service. (80)
- Adding a Saturday bus would be great. (80)

(More) Sunday service

- There should be a Sunday bus running for people who work weekends. (80)
- Bring back Sunday service on the 78! The 80S service begins too late and I am late for work then. (78)
- Sunday service needs to come back. It makes life difficult as far as public transportation without it! (85)

Later evening service

- Excellent services, although I would like to ride it earlier/later hours.(20)
- Need to run till 12 midnight; I get off at 11PM sometimes. (85)

Better on-time performance

- Please be on time, stop passing up people when they are at the bus stop. Just because the driver is running late. (85)
- Never reach Walnut Creek by 8:20, which is what it says on your schedule. This bus is habitually late. My job starts at 8:30 - I never make it. (40)

Earlier morning service

- If bus service could start earlier, that would be great. (40)
- It would benefit me if they would begin the service much earlier and on Sundays. (20)
- I am late to work every Sunday because the 80S starts so late. Add an earlier run please. (80S)

Easier transfers between routes

- Start using transfers again, can't use transfers in the city.(78)
- Sol Trans has a lot of work to do with their bus service. Starting with re issuing transfers. (80)
- Drivers on 1st bus need to be on time because of connections. We did not know about change in policies on transfers and on holding connecting buses. (30)

Service extended to new stops

- Need a route to industrial park Benicia. (78)
- Direct Vacaville only route to Sacramento -- no Dixon or Fairfield stop. (30)
- I'd like more pick up and drop off on route 76. (76)

Lower fares

- Fares are too expensive without transfers and for students. (78)
- The cost 5 days a week is too much. (85)
- Better fares for college students (80)
- Add Clipper (Offered by numerous respondents on multiple routes)

Better, more courteous drivers

- Bus drivers should be better informed of bus route. (20)
- Drivers need course for operating temperature controls. (40)
- Drivers need to pay BETTER attention to passengers waiting at bus stop. (78)
- Sometimes drivers are really cranky, but most are nice. (80)

Overall Service

- I don't know what else to say, we filled out surveys before and after the time I took, service was cut. I can't buy a monthly pass because it's too expensive and it takes a long time to get home now." (78)
- Thank you! I really appreciate SolTrans and the 80 route bus. Life would be harder if I had to drive every day. (80)
- This company does not seem to listen to or value its ridership. Also need better trained staff. (80)

While rider information was not included in the list of changes respondents were able to select from, a number offered comments or suggestions related to improved access to bus status and other information. Examples include:

- More information at the bus stop. (20)
- Have GPS tracking on bus to allow commuters to know ETA of buses. (78)
- Communication with dispatch needs improvement when calling to find out bus status, rude on the phone. (80)
- Better information at bus stops, such as direction or connections en route. It's difficult to know which side of the street to be on. (80)

CONCLUSIONS

The survey results as well as the additional comments provided by riders indicate that intercity routes are an important transportation resource (both for Solano County residents and others) that serve a valuable function in providing access to jobs, education and other social activities. Specific findings include:

- Intercity riders rely on the bus for transportation. About 57% have no car or one car, and 46% said no car was available for this trip. In addition, 31% of respondents do not have a driver's license. Among those without a license, almost one-third said they would not have made their current trip if the bus had not been available.
- Most riders use their intercity bus frequently, with 70% reporting that they ride at least 3 days a week and almost 85% riding at least weekly. Most riders are also long-term users: more than 60% of intercity riders have been using their current route for at least a year, with 22% having been riders for 6 years or more. Intercity buses do continue to attract new riders, with almost one-fourth of respondents riding for less than 6 months and 5% riding for the first time.
- Riders use intercity routes for travel primarily between home and work, but also to and from a variety of other destinations. More than 90% of respondents either began or planned to end their current trip at home, while more than 67% were coming from or going to work, about 10% to or from school, and about 6% to or from shopping/errands or sports/social/recreational events.
- Riders also use the intercity routes as one of several links in their commute or other travel, with roughly half using other public transportation methods (BART, other buses) both to get to their bus stop and to get to their final destination.
- Demographically, intercity routes serve a diverse ridership, with almost 44% African American, 26% white/Caucasian and 17% Asian riders. More than 13% of riders described themselves as Hispanic or Latino. In addition, 31% of respondents said they speak a language other than English at home, mostly Spanish (31%) or Tagalog/Filipino (27%), but also more than a dozen other languages.

- Intercity routes primarily serve riders of working age (more than 91% of respondents are 18 to 64 years old.) Similarly, more than 75% of riders are employed full time or part time.
- Intercity riders gave good ratings to most service elements, with an overall service rating of 3.07, where 3.0 represents a “good” rating. Most service elements received average ratings of about 3.0 or higher, with driver courtesy receiving the highest rating of 3.26. While availability of intercity connections, frequency of service and rider information all received ratings slightly below 3.0, the average rating for fares was lowest, at 2.62.
- More than 20% of riders said there were no changes they would like to see to the route they were on, while 7% offered no suggestions. The most frequently offered change was for more frequent service (34% of those who offered suggestions), while almost as many respondents suggested more Sunday service (33%) or more Saturday service (27%). Another 23% suggested later evening service – more than twice as many as the 10% who would like to see earlier morning service. Note that totals exceed 100% because multiple suggestions were accepted.
- When asked how they want to receive transit information, more than 35% of respondents said their preference was for information at bus stops, while another 24% mentioned notices on the buses themselves. Other popular information sources included electronic media such as the transit website (28%) and email (19%).
- While the Intercity results consistently show a ridership that relies on buses on a regular basis to commute between home and work as well as reach other destinations, there are significant differences among individual routes in terms of the age, employment status, income, ethnic background and access to alternative methods of transportation of their riders.

Q 29. Are there any other comments you would like to add about the service on this bus line?

1. Great service.
2. Noticed improvements of driver center on #20. Rude drivers in the city
3. It would benefit me if they would begin the service much earlier and on Sundays.
4. Driver-morning @ 8:42am = personable and professional!!
5. It would be great if the buses ran longer than 6:30pm. That's too early to stop.
6. A lot of the buses are always late Monday and Friday.
7. Security police at Vacaville.
8. Driver of the Fairfield local had no idea when or exactly where out of town buses stopped. None of the drivers!!!
9. Bus drivers should be better informed of bus route.
10. The city needs to desperately improve those routes intercity so we are not late to where we need to get to.
11. Need better connection with other city routes/transfers/extend service hours.
12. Excellent driving and Elizabeth was very helpful.
13. Excellent services although I would like to ride it earlier/later hours.
14. Satisfied with hospitable employees!
15. Satisfied.
16. The service is so awesome and these are great people who own their buses.
17. Not on time. The driver is a good/nice driver.
18. Not service, but cost for a monthly pass (+1) are \$70, not everyone (especially students, have that money). That's absurd.
19. Comfortable seats and good air conditioning.
20. The transfer times overlap and are in need of improvement.
21. Great drivers very courteous and informative.
22. Not the line, but it would be nice if the 90 had weekend buses due to El Cerrito BART info to SF.
23. Need Sunday service.
24. Make schedules more understandable.

FAST Line 30

Q 29. Are there any other comments you would like to add about the service on this bus line?

1. Let us new people keep on asking questions and learning - including phone calls.
2. Yes, the services would be better if there was an available bus every 2 hours.
3. Weekday route 30 mid-day driver is fantastic, lively and friendly.
4. Bus 30 #675 driver (lady) JJ is very nice, excellent customer relations-greatest driver.
5. More at this time.
6. Add a bus stop near Walmart (the Walmart near bus transportation center).
7. 4/11/14 no llego el auto bus de Davis para Dixon que pasa a las 5:00 pm.
8. Why ask so much questions.
9. Courtesy of drivers.
10. On time.
11. For Route 90, I wish it stops at Hercules.
12. Would like earlier AM bus so could be at work at 6:30.
13. Same drivers won't call to hold a bus and leave before seeing if people want to board.
14. Bus drivers could be a lot more courteous. They are normally the first people we interact with and possibly the last everyday.
15. Desire to have TV service more frequently and not see more reviews when exceptional.
16. I ride the 1st bus to Sac and last bus back. The timing of these are perfect for my schedule.
17. TV working. WIFI. Depends on driver (re: 18C).
18. When Fix 50 begins April 22nd I expect ridership to climb, likely beyond current capacity. M, T, TH, F, I use this bus 30 from Vacaville, not Dixon.
19. 8 years of riding the 30 and 2 service has gone from awful to better. We currently have some good drivers.
20. On the 30 to Davis, this dark skin elderly driver is RUDE, and talks harsh to passengers wear a wig and sometimes a white hat. There is a dark skin middle age lady who is very rude and makes walk to get the bus. Does not stop at right place.
21. 30 to Davis substitute driver 6:53 AM; female driver is not courteous to riders.
22. The regular drivers on the 30 are on time and friendly. Good drivers!
23. Any "bad" experience is always perpetrated on the individual level. Some drivers are better than others.
24. Clearly cabled stops in Sacramento with something saying FAST on it would be nice.
25. The bus can be freezing in the afternoon. The A/C is on when it is 60 or 70 degrees outside.
26. Add more frequent services to the Route 30 to be available.
27. Would like to have a 4:30 PM bus from Sac that doesn't go to Davis.

28. Passengers eat on bus and make a mess. Driver can't see them as they sit at the back. Someone needs to tell one particular lady that it is inappropriate to put her dirty shoes on the seats. I've tried. PS Curtis is awesome!
29. 1 more afternoon pickup would be great at 3-4 PM.
30. Bus seats could be cleaned more; "hate" upholstered seats they pick up body odor.
31. Mid-day bus driver is always late allows friend to ride free and pat on bus very unprofessional!
32. I see a lot of people want to ride back to get on the morning bus (718 Dixon) in Sac to go back out or town - not possible because bus is out of service.
33. Replacement drivers should adhere to timing.
34. Service for individuals in wheelchairs is extremely poor because the entire ridership is delayed significantly in order to board a wheelchair.
35. Notices about any up-coming delays due to construction on Sac freeways.
36. Yes, add additional services in afternoon to return from Sacramento before 6 PM to arrive in Vacaville before 6 PM.
37. This is a valuable service for commuters please train drivers to adjust temp and operate TV. Many don't know and don't care to acquire this training.
38. Bus is dirty most of time. Drivers are rude. Doesn't know how to make TVs work.
39. Would like to purchase bus pass online and print out. Or have machine at stop to purchase current options inconvenient.
40. There is a huge difference between bus drivers. I have had to adjust my whole schedule because of slow ones.
41. It would be nice if the first bus at 4:29 going home did not go through Davis.
42. Route 30 to Downtown 5:10 and 5:24 bus is late Thursday and Friday every week. If the bus can leave early to get on first stop it may help avoid lateness.
43. The 20 doesn't wait to see if Vallejo 85 has passengers.
44. Route 30* Later time leaving Sac, Ca 10pm You have one older black female that drives route 30. 2 or 3 months ago that was very very rude but all that other drivers are cool good to the passengers.
45. Would like the names of each driver posted on bus they are driving.
46. Have a great day.
47. Just wish there was a 2-3 time to go back to Dixon 10-12 (not enough times).
48. Having bike racks in the front of the bus like the 42 bus in Davis would be a luggage below the bus.
49. I would like the Friday bus to leave Sacramento a little earlier (the 5:2?)
50. Bus empty and does not take passenger back to Vacaville or FTC on AM runs.
51. Other mission on the outside of the bus doesn't match destination.
52. In order to be on time on Fridays/long weekends bus should leave Fairfield early.
53. The service is excellent and it's a good ride.

FAST Line 40

Q 29. Are there any other comments you would like to add about the service on this bus line?

1. No, just on time service; maybe get a full time driver will correct itself.
2. No, just on time and the turn to our bus stop is long, make it shorter. Drop us off near city buses.
3. It is imperative that 40 express (6:23 AM) be in Fairfield by 6:55 AM or we will miss (4) transfer to local buses.
4. 1. Drivers on 1st bus need to be on time because of connections. 2. We did not know about change in policies on transfers and on holding connecting buses. 3. All drivers need to be conscious of times departures some are too slow.
5. With the change of not holding the city buses, my bus ride in the morning has been very stressful! We have gotten a new driver.
6. Just would like to see day time hours on Rte 40.
7. Nothing has been done to rectify bus 40 at 8:35 AM from Pleasant Hill to Fairfield. It's always quite late.
8. If bus service could start earlier that would be great!
9. Need to add service before 4:25 bus to Fairfield.
10. Direct route from Vacaville to El Cerrito or Berkeley.
11. Drivers need course for operating temperature controls.
12. Great service, but I wish they could hold local lines or have later local lines running.
13. Be on time.
14. WiFi enable. Better video system. 2PM service.
15. More trips to Walnut Creek throughout the day during business hours and rush hour.
16. I love the bus service my only concern is that the 40 should run a little later and the local routes should run pass 7:00.
17. To be on time.
18. Direct service from Vacaville.
19. Easy transfer from bus 40 to 90 and from 90 to 40.
20. Poor customer services. Bus late.
21. Drivers are excellent and helpful.
22. Direct route to El Cerrito - no transfer at Fairfield.
23. We need weekend service and more service lines afternoon and evening rush hours 5:00 and after.
24. Customer service is horrible. Dispatch is very rude and unprofessional.
25. More time allowance for route 90.
26. The announcements are too loud and some drivers keep the bus too cold.
27. Most of the late.
28. FTC bus to WC BART leave 7 AM, WCB to FTC leave 3:30 PM.
29. 5, 7:15, 6, 5:45, 6:45, 6:30, 5:15, 7:30.
30. Recommend that you offer seatbelts.
31. Bus to have knowledge of how to work TV's, lights, air. To have TV's work. To notify passengers to only use 1 seat when a lot of people on.

32. 6:01. Late almost everyday.
33. This route 40 need early more time in PM service. Transportation system in the AM.
34. It would be great to have an earlier service on your other bus line so more people from Sac can connect to this route 40 from downtown.
35. Cleaner buses would be nice - windows look dirty and so do seats. Some drivers could use more training in driving.
36. The parking lot at transfer center should be for bus riders not van pools.
37. Drivers should be prompt. Driving skills aren't that great.
38. Bus service is good overall.
39. Parking.
40. Stop at Green Valley.
41. Provide additional parking by morning vanpools to Red Top Hill or rent other space.
42. Have buses arrive at station before departure time.
43. TV wastes electricity.
44. Wi-Fi for business commuters. Never reach WC by 8:20 which is what it says on your schedule (re: on time performance). This bus is habitually late. My job starts at 8:30 - I never make it.
45. The 8:50 bus is always late; making it difficult to make my connection.
46. Drivers working on this line have been wonderful.
47. A bench at Park and Industrial would be appreciated.

FAST Line 90

Q 29. Are there any other comments you would like to add about the service on this bus line?

1. All buses should pick-up and drop off in Suisun to even out parking.
2. Drivers need a plan to deal with disorderly passengers, especially on long routes. Email or text alerts of delays are needed.
3. Need to be more attention to people allowed on the bus (intoxicated and disruptive).
4. Bus always leaves Fairfield late.
5. One and a half hours to get from (delay) El Cerrito del Norte to Fairfield for break needs to be changed.
6. Drivers need to lower bus to sidewalk at pickup/drop off locations. Do not allow drinking on bus. Take control of rowdy passengers.
7. Would like to see a bus added at 5am.
8. More frequency of service would be nice and appreciated.
9. Don't raise rates or charge for parking.
10. More service in Suisun.
11. You have one driver who can't stay in his lane.
12. Limited parkway makes arrival after 18:30 difficult.
13. Have bus stay on posted schedule- always late.
14. Open up the reserved parking for customers to park or kick out the vanpools.

15. Stop hiring new drivers! Old drivers know what they're doing.
16. Timeliness of service and connecting to BART on time.
17. No parking fee.
18. Parking is major problem. Too many vanpools and too many reserved parking spots. Eliminate both. Security presence and visibility of guards has decreased. Travel out of Fairfield, once pleasant, is now stressful.
19. Need more parking. Lot is full by 7am.
20. Mike is a fantastic driver, always making sure that we are comfortable and safe.
21. The ride is very comfortable and relaxing.
22. Please do not raise fares. More parking. Need a "standard" driver for the 5:35am bus (departing Suisun). The last driver that held the standard position was Monica for about 2 years.
23. I hate when drivers allow large dogs on the bus. Especially when the dog is sitting in a passenger seat. I also dislike when A.M. drivers leave the station late and make us miss the BART train.
24. Parking lot full, need no shuttle buses.
25. Keep the drunks off the bus. Too many disturbances.
26. Would like to have the option to wear a seatbelt. Unsafe.
27. Cheaper fare.
28. It's cool bus drivers are very nice.
29. Interpersonal skills of bus drivers needs to be improved parking at FTC is horrible.
30. If you add more connection buses between Vacaville Park and Ride and Fairfield Park and Ride especially in the evening it would free up more parking in Fairfield.
31. There is a 2-hr non-service period at El Cerrito that is inconvenient in emergencies and early-out days.
32. I think there should be service on the weekend because a lot of people would like to go down to the City. It should be late into the evening.
33. More parking options/ Expand lot of garage.
34. Parking is very difficult at Fairfield Transit Center. Due to the vanpooling activity. There should be special parking for those who pay monthly for bus passengers.
35. 6:01 bus is always late; 90 line other times are not, why is that?
36. In the future if parking becomes a fee for service, I think people who purchase a 30 day pass should not pay. But everyone else should. A sticker should be provided to monthly pass holders.
37. Most of your bus drivers are really great people. Thank them.
38. 6:00am bus always late. Be on time.
39. Incorporate Saturday service. Some buses leave on time not arrive the time they should be leaving. Remind people to take 1 seat only.
40. Need more parking!!! Move the van pool parkers somewhere else so bus riders can park and ride.
41. Services are very un-predictable sometimes will arrive on time but when driver changed arrive late.
42. Bus must be on time every morning. Being late to work is not an option.
43. The Solano Express has been a great commuting option into SF.

44. Parking is very bad at Fairfield Transit Center. This needs to improve badly.
45. All buses should stop at Suisun/AMTRAK.
46. Service and frequency are great. Only issue is rare need for a noon time bus.
47. On-time service needs to be worked on specifically when replacement drivers are being used to fill in for sick, on leave regular drivers.
48. No, you guys are great.
49. Would love to see the bus run on Saturday so I can get out of my car.
50. Buses need to be upgraded (breakdowns frequent). Need to have more frequent service in morning rush hour. Dispatch communication with drivers and passengers need to be improved. I received rude and inefficient service!
51. I would like to have an advisory board made up of commuters to assist with our concerns as riders and their bids for drivers.
52. More frequent local bus options during week and weekend.
53. Better hours to purchase passes and/or ability to purchase passes in Suisun (ticket Kiosk?). Additional parking in Fairfield.
54. What about having a later bus during the week up until 8pm.
55. Better hours to buy passes since can't buy in Suisun. Parking problem at Transit Center.
56. Morning service for 90 is regularly late. Later hours for 90 (even if less frequent) would prevent many from getting stranded.
57. More parking at Fairfield.
58. A Clipper card type function would be nice. Drivers should not get in trouble when a cyclist opens a cargo bay on their own while not waiting or asking for help. The 8pm service (SolTrans) in Vallejo doesn't drive by the FTC and arrives in Fairfield at about 10pm. Also, it would be nice if rates were a whole dollar amount to avoid needing change.
59. Too many carpoolers using the parking spaces those up for us using the bus have to wait to park.
60. Extended service after 7:30pm to 8:30pm every 30 minutes.
61. We need better parking availability in Fairfield if you're not going to have more service in Suisun, especially in rush hours.
62. Dispatch report the truth, answer/ return calls, better service for our money.
63. New buses and an additional parking structure.
64. I really like the regular bus driver for the 5:15 bus line.
65. Add WiFi, more leg room on left side.
66. It would have been nice to have a survey question about bus up-keep, tires out of balance, worn shocks, etc.
67. Air. Fully half on the 90 drivers run no air during idling time, and half that number don't run air during the rides. Dangerously uncomfortable.
68. On-time and improve service.
69. There shouldn't be a 2 hour break for bus service during 11:30-1:30 especially coming from Fairfield to El Cerrito 90 Bus. That's ridiculous. Also drivers would leave when they see you flagging them down knowing another bus won't come for 2 hours. Rude. It's beautiful to see people going green build a new parking garage. Don't raise bus fare.
70. Install security surveillance camera. One security guard per shift for

Fairfield Transit.

71. At Transit Center, add surveillance camera to improve security. Keep one security guard on site should be sufficient.
72. When will you address parking issue? When will Clipper be implemented?
73. Fairfield Transit Center should consider expanding parking options.
74. I appreciate the service. All I'd like is more frequent service.
75. The 90 should go to Suisun on every trip, not just at peak hours.
76. Parking is a major problem. Have to wait 45 minutes to get a spot. Some parking is full. Security at garage. One car was stolen.
77. Add credit card service machines. Buses excepting credit cards.
78. Some drivers have driven too fast but I think one is now terminated. Most drivers are OK.
79. Along with safety being a priority, drivers need extensive training in customer service. Not all, but most.
80. More 30 routes to Sacramento.
81. Later service would be very nice, along with extended frequency on weekends.
82. The new routes are difficult to get destination and time consuming with all of the transfers.
83. The buses should be on time more frequently.
84. We need more parking at Transit Center more van pools and casual carpools to operate location.
85. Price is too high.
86. It wouldn't hurt to have drivers with compassion and empathy, let alone people skills.
87. The new bike rack.
88. More service between 10-12.
89. Please do something about riders that hog more than one seat and bring large carry-ons onto the bus instead of storing underneath the bus.
90. Ability to buy multi-ride/punch pass or Monthly pass online.
91. Need more parking for cars. Clear up some vanpool spots.
92. Clipper service.
93. Love the straight shot. No stops.
94. I like the safety and courtesy of the drivers and cleanness of the buses. They are always clean and safe.
95. Clipper service.
96. So far so good. Happy camper thus far just hope to see more frequency.
97. I really wish Sunday service would come back so I could come to Vacaville on weekends.
98. Good service but does not run late enough in the evening. I have to take train back to BART from Fairfield.
99. Stop handcuffing those who commute because you're the only local bus system in Fairfield and Suisun City. More affordability.
100. Do not charge for parking.
101. Dennis is the best driver for the rte. 90!!
102. Always had a good experience.
103. Would like bus from Vacaville to get me to Oakland via BART by 6AM.
104. Cheaper fares.

105. Need to be at stop before time to leave instead of arriving at or after time to leave.
106. I am aware of the driver's part-time schedules which are difficult. Need more full-time benefitted positions!
107. Make the 90 available on the weekends people still work on the weekends also to attend other functions.
108. Would like to see a Vacaville --> El Cerrito line without having to transfer.
109. I have enjoyed riding the 90 and am very comfortable.
110. Do not increase the fare. I will carpool if you do.
111. Please limit fare increases.
112. It would be nice if Route 90 buses had the TVs and the headphone volume would work- only occasionally. Got bus with TV, then the volume doesn't even work. Please fix.
113. 5pm to go to Suisun.
114. If the 40 route to Walnut Creek- Pleasant Hill started earlier in the morning. Result more riders on 40 and ease overcrowding on 90 route.
115. Local buses don't wait so I can transfer to get to the mall 3 minutes turns into 1 hour.
116. Have more protection when traveling alone. Always keep the cameras on for all protections on buses.
117. Price for monthly fee is reasonable. Please NO parking fee at transit center. Would cause hardship. Direct route to SF would be great. =)
118. Thank you for this service.
119. We miss our train two mornings out of five- unacceptable.
120. The service is beautiful like riding with a different driver and all but one was pleasant.
121. People that are drunk or on some type of drugs shouldn't be on.
122. Weekend service and transfers to Vallejo.
123. More frequent service every 15 minutes am and pm during commute.
124. All day transfers statewide.
