

SOLANO COMPREHENSIVE TRANSPORTATION PLAN

What is the Comprehensive Transportation Plan?

The Comprehensive Transportation Plan (CTP) is the primary long-range planning document for Solano County designed to create a safe, equitable, and sustainable multi-modal transportation system that meets the diverse mobility needs and sustainability goals of our communities. The plan will serve as a roadmap for the Solano Transportation Authority to guide transportation investments over the next 30 years, including active transportation (walking and biking), roadways and highways, public transit, equity, and land use.

Why is the CTP update needed?

The CTP is a foundational document that informs transportation projects and programs considered for the Metropolitan Transportation Commission's (MTC) Regional Transportation Plan, also known as **Plan Bay Area**. STA is updating project priorities and programs for submission to MTC's update of Plan Bay Area. The previous CTP was last updated in 2020.

What is the timeline for the CTP update?

Winter - Spring 2025

*Identify existing conditions
and define project goals*

Spring - Fall 2025

*Develop recommendations
and draft plan*

Fall 2025 - Winter 2026

Create final plan

How to Get Involved

A key element of updating the CTP is collaborating with members of the public to create a shared vision for a transportation system that is safe, equitable, sustainable, and meets the needs of Solano residents. **We want to hear your feedback!** Your input will play a crucial role in shaping transportation decisions in Solano County for the next 30 years.
